Case Study Application

Meet TJ

TJ is a 5th grade student. He has a passion for drawing and a real talent for putting pencil to paper to create realistic pictures. He is currently enrolled in a school for the blind, where his teacher has used one of TJ's designs on an emblem for the school.

TJ lives with his parents and younger brother in a rural area of 600,000 people. His father is an artist and a local musician, and his mother works part-time as a sales assistant for a local business. TJ has always been interested in art and has shown a natural talent for drawing and painting.

TJ's brother, Tim, is also a talented artist and frequently collaborates with TJ on projects. They both enjoy spending time together, drawing and painting pictures.
