

GO 4 IT...NOW! Activity

Directions: In the envelope you will find seven pieces. Your job is to put those seven pieces in the right places on this sheet. That means you need to figure out which piece is the student's need, which is the goal sentence, which are the four objectives, and which is the wrap up sentence. Go for it!

First, find the student's need and place it below:

Now, find the sentences that make the goal paragraph and put them in the right order using the strategy.

I need to be able to answer questions about what I read.

My goal is to be able to answer questions about what I read. First, I will spend time reading each day and record the time and pages I read in a reading log. Second, I will use context clues to figure out the meaning of new words. Next, I will identify the main ideas of each paragraph or each section. Finally, I will answer who, what, when, where, and why questions about what I read. If I complete these steps, I will be able to reach my goal of being able to answer questions about what I read by the end of next year.
